FILE CODE: 5131.1

Created	Adopted	Amended

HARASSMENT, INTIMIDATION AND BULLYING

The Board believes that a safe and civil environment in school is necessary for students to learn and achieve high academic standards. Since students learn by example, school administrators, faculty, staff, and volunteers are required to demonstrate appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation or bullying.

Harassment, intimidation or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe environment. Therefore, the school district will not tolerate acts of harassment, intimidation or bullying, whether by students, staff, administrators, contractors, volunteers, board members or any other persons associated with the school in any capacity.

The Board expects all students to treat each other with civility and respect and not to engage in behavior that is disruptive or violent. The Board expects students to conduct themselves in keeping with their level of maturity, with a proper regard for the rights and welfare of other students, for school personnel, for the educational purpose underlying all school activities, and for the care of school facilities and equipment.

The standards of character education are an essential component of the Hudson County Schools of Technology School District's Code of Conduct. The Board believes that with the appropriate infusion of character education into the school curriculum, modeling of appropriate behavior by adults; support and assistance of students in school, the community and home; our students will achieve the above standards of character education.

The Board prohibits acts of harassment, intimidation or bullying against any student. School responses to harassment, intimidation and bullying shall be aligned with the Board approved code of student conduct which establishes standards, policies and procedures for positive student development and student behavioral expectations on school grounds, including on a school bus or at school sponsored functions. The superintendent shall be responsible for ensuring the prompt investigation and response to all reports of harassment, intimidation and bullying committed on school grounds, at school activities and on school buses. In addition, the superintendent shall ensure that this policy is applied to incidents of harassment, intimidation and bullying that are committed off school grounds in cases where a school employee is made aware of such actions. The superintendent has the right and authority to impose a consequence on a student for conduct

Gebser v. Lago Vista Independent School District 524 U.S. 274 (1989) United States Supreme Court addresses the standard by which a district will be held liable for sexual harassment of a student by a school employee under Title IX --requires actual notice and deliberate indifference.

Davis v. Monroe County Board of Education 526 U.S. 629 (1999) United States Supreme Court establishes the standard under which a school district may be liable under Title IX for sexual harassment of one student by another student. The district will be liable for damages only where the school officials are proven to have been deliberately indifferent to harassment of which it is actually aware. The harassment must be "severe, pervasive and objectively offensive."

Saxe v. State College Area School District 240 F.3d 200 (3rd Cir 2001) A Pennsylvania school district's anti-harassment policy was overly broad and therefore violated the Constitutional guarantee of freedom of speech.

L. W. v. Toms River Regional Schools Board of Education 189 N.J. 381 (2007) The New Jersey Supreme Court held that the standard under which a school district may be liable under the New Jersey Law Against Discrimination for student-on-student bullying or harassment is not the Title IX deliberate indifference standard, but is rather the same standard used under the NJLAD for hostile work environment cases. A district will be judged by whether the district's response met the "reasonable person" test: what would a reasonable person (teacher, supervisor, vice principal, principal, etc.) do in a similar situation. School districts will be shielded from liability under NJLAD when their preventive and remedial actions are reasonable in light of the totality of the circumstances.
